The WA Sustainable Energy Association Inc. (WA SEA) is the peak body for the sustainable energy industry in WA.

WA SEA members are invited to help define Challenges and Opportunities for the Sustainable Energy Industry in Western Australia.

WA SEA members are asked to contribute to workshops about the future of the sustainable energy industry in Western Australia.

DAY Wednesday 2 April 2008 and Thursday 3 April 2008
TIME 9.30 – 4.30 PM (Prompt start – arrival minimum 15 minutes prior)
PLACE WA SEA Office, Home Ideas Centre, City West
 102 Railway Pde West Perth
RSVP Monday 31 March 2008
 Phone Lisa 9481 3169 or mce@wasea.com.au
Cost: Free* for WASEA members – registration essential.
It's your industry - the only cost is not participating!

- Opposite City West Train Station
- Yellow CAT stop nearby at Harbour Town
- Parking available on site

Registration– please note registration is essential – numbers of any session will be limited to 30.

Session 1 - Wed AM 9.30 – 12.30 <ul style="list-style-type: none"> • Architecture and design • Building and construction including passive design and energy efficiency • Infrastructure 	Session 3 - Thu AM 9.30 – 12.30 <ul style="list-style-type: none"> • Solar PV Solar thermal, including solar hot water • Geothermal • Biomass including biogas and biofuels
Session 2 - Wed PM 1.30 – 4.30 <ul style="list-style-type: none"> • Professional services in sustainable energy • Energy efficiency - domestic and commercial appliances; vehicles and machinery, and industrial processes. 	Session 4 - Thu PM 1.30 – 4.30 <ul style="list-style-type: none"> • Wind • Water – Wave, Tidal, Current, Hydro • Innovations including algal photobioreactors.

Each workshop session above will cover, in the topic areas outlined above, the following points:

- the key impediments hampering the commercial scale development of sustainable energy projects;
- the relative strengths, weaknesses and global competitive advantages that WA has for each of the sub-sectors of the sustainable energy industries in WA;
- develop a supply chain map for a WA renewable energy sector identifying all the components and inter-linkages of the renewable energy supply chain “from resource to market”;
- identify and prioritise suitable regions for sustainable energy hubs in Western Australia, and assess industry essential requirements for inclusion in such a hub or precinct.

For further information, please contact Lisa Cowley at WA SEA on 08 9481 3169.

Please email your details or a completed registration form to Lisa mce@wasea.com.au

Or post to WA SEA, PO BOX 1483, West Perth BC WA 6872
